Chamber of Commerce Fetes Seniors

Thursday afternoon, May 4, the Hamlin Chamber of Commerce furnished a pleasant and instructive trip to 65 seniors of the Hamlin High School when they visited local manufacturing enterprises.

The first point was the Eddie Jay Bakery where a picture show, giving the history of bread making was enjoyed. Climaxing this were the "free pies" which Eddie served to that hungry 65. Then on to Plasterco for a look through the big cement and Plaster Mills where they saw in operation the making of various gypsum products.

Returning to Hamlin a visit was made to the Hamlin Cotton Oil Mill. The Western Compress and Storage and to the Hamlin Hatchery which has the distinction of being Texas largest hatchery.

Concluding this trip was a picnic supper at the City Park, where there was an abundance of everything good to eat.

Following the picnic a free picture show was enjoyed at the Ferguson Theater through the courtesy of the Manager, Mrs. B. S. Ferguson.

Chaperones for the trip were the senior sponsor, Miss Doris Pope, Messrs. J. M. Grigg, Kurt Schoemann and Eddie Jay.

FARMERS OF JONES CO. HELPED BY FSA

The Farm Security Administration made loans of \$898,344 during April to 2,455 low-income farmers of Texas and has virtually exhausted the seven million dollar loan fund allotted the state for the fiscal year ending June 30, according to Robert C. Cross, county supervisor. "While it is almost two months until the probable allotment of more funds, we are having a large and steady stream of requests for loans," Mr. Cross said. "\$16,954.66 of this money loaned in April went to Jones County farmers."

"There are 3500 farmers in the county and probably 75 per cent of them are eligible to use our loan service to bring about more profitable operations," he stated. "With our funds for this year, we have been able to assist only a small percent of them. Many whom we are unable to reach are headed for the relief rolls where they will be expensive public charges. Others not in danger of actual destitution can build up much greater buying power with the aid which the FSA is set up to render."

Mr. Cross said that experience has indicated that more than 75 per cent of all the money the FSA has loaned will be repaid with interest. "Last year's payments in the state almost equaled the money loaned even through loan payments are spread over five years," he concluded. ROBERT C. CROSS, Rural Supervisor.

On Tuesday evening the McMurry Chanters, choral organization of McMurry College were presented by the Schubert club in a program at the High School auditorium, under the direction of Mrs. Gypsy Ted Sullivan Wylie, Dean of Fine Arts. COMBUSTION CAUSES FIRE WED. NIGHT

Wednesday night about eight o'clock, fire was discovered in the office house of the Home Lumber Co. The fire boys were quickly on the job and only a small hole was burned in the floor.

Fire Chief Vaughan reports that the fire evidently started from spontaneous combustion. A floor sanding machine with an accumulation of dust and varnish combination from old floors may have heated if the excessive heat of Wednesday.

PERIOD OF ODD EGGS

Saturday A. V. Lee who lives on the B. B. Colwell place south of Boyd Chapel, has the credit of bringing in the first freak egg this season.

It was an egg contrary to crop curtailment . . . it was a R. I. Red measuring 7 1/4 one way and 8 1/4 the other, weight 6 oz. and if the old hen could keep that up to a dozen she would produce 72 ounces of egg food—Lee had better kill that hen.

MRS. W. T. JACKSON DIED FRIDAY

Mrs. W. T. Jackson died Friday afternoon at five o'clock, May 5, in the Hendrick Memorial Hospital in Abilene. For several months Mrs. Jackson had been ill at her home in west Hamlin, but her condition was not considered alarming until Friday morning when she was taken to the Abilene Hospital where she died that afternoon at five o'clock.

Mary Beene was born April 18, 1895 in Arkansas, where she spent the younger years of her life. On January 23, 1917 she was married to W. T. Jackson. About two years later she and her husband moved to Texarkana, Texas, where they made their home for a number of years. In 1928 they came to Hamlin where they have since resided.

Mrs. Jackson was the mother of four children one having died in infancy and three are living. They are Mrs. R. C. Dennis, Mrs. Fred West and W. T. Jr., age 8 years. Other survivors are her mother Mrs. E. C. Beene, of Eldorado, Ark., a sister, Mrs. Burt Douglas of Malvern, Ark., and five brothers, Jack Dewey and J. B. Beene, of Eldorado, Ark., Clayton Beene of Henderson, Texas and Harvey Beene who is stationed at Randolph Field, San Antonio, Texas. All were present for the funeral except Harvey Beene, who did not receive the message in time to come.

For a number of years Mrs. Jackson had been a member of the Church of Christ and at the time of her death held membership in the Hamlin church of that faith.

Funeral services were conducted Sunday afternoon at 2:30 o'clock by her pastor, Minister Virgil Jackson in the Church of Christ.

Interment was in East Cemetery under the direction of Barrow Undertaking Company.

Miss Loleta Ubben Tells "Why Trade In Hamlin"

(Below is the second of a series of Essays written by students of the Hamlin High School, in a contest, sponsored by the Hamlin Chamber of Commerce.)

WHY TRADE IN HAMLIN?

Why trade in Hamlin? "Loyalty" even though a simple word, justifies the reason for anyone's trading in his home town. That my home town is the best and has the best should be the utmost thought of any good citizen. Hamlin is our hometown—where many of us grew up, received our education, and where we all earn our present living. Doesn't this make you really want to make Hamlin a trade center? Haven't you the "home town spirit" enough to want to see your town grow and prosper? Would you like to see the town in which you live eventually destroyed because you spend your money outside of the town where you earned it? Surely, you are interested in seeing your home town prosper and maintain a position among larger towns.

If favors, charity, and relief in any way are wanted, to whom do we go for help? We don't expect favors from neighboring towns, but we do think it is an obligation of Hamlin business men. Why shouldn't it be our duty to trade with them and in a small way return some of their favors?

Trading in one's home town has its emotional aspect and appeal, but it is not all emotional. The fact that every penny you spend here will return eventually to you in improvement that will benefit you and the town, if not in actual dollars and cents proves it. The more money the merchants receive the more opportunities they have to make Hamlin a bigger and better town. Perhaps few of us have ever taken time to think of the various reasons a town grows. If we make the business men of Hamlin able, they are the ones that are willing to build and can build our town. Let us, as citizens of Hamlin, make them able by trading here!

When our neighboring towns proudly boast of their conveniences, their athletics, their band, and other organizations which we do not have, we can only blame ourselves when we have given them our trade. We have failed to cooperate with our home town merchants, who are the well equipped schools, beautiful churches, prosperous business section support our town's activities. We cannot expect to receive more from people!

MISS LOLETA UBHEN

our merchants than we give them; however, many times we do because we are a friend. If we are to have a town that will attract surrounding towns, we will have to cooperate with the business men of our town.

There is no sound and logical reason for products to be any higher at home than in some other place. In fact, the over-head is much higher in cities and larger towns which would mean the merchants would have to sell his merchandise at a higher price to stay in business. Why trade in other towns? After all, the real reason we trade outside of our home town is for the bargains, we might find. "Doesn't the grass always look a little greener and taller just over the hills," but when there you find it is the same or maybe not as good. Perhaps if these so-called "bargains" were examined or compared with standard products, you could see that they were of an inferior quality. Isn't it a logical reason that our merchants with whom you come in contact daily would give you more for your money than would a business man who is a complete stranger to you.

Taking all these things into consideration, can you honestly say, "I have saved?" Will your money benefit you more by spending it here or somewhere else. Let's spend our dollars here and watch Hamlin become a dream town—a town that other places can envy—a place where you find paved streets, a large lake, lovely parks, home town merchants, who are the well equipped schools, beautiful churches, prosperous business section support our town's activities. We cannot expect to receive more from people!

BAPTIST W. M. U. HONORED
HIGH SCHOOL SENIORS

The Baptist Womens Missionary Union entertained the Senior class of the Hamlin High School, Tuesday evening at the First Baptist Church, with a lovely reception.

Decorations were of blue and gold the colors of the senior class, and the graduation theme was featured in programs and other appointments. The main decoration was a ladder in blue and gold that bore on each rung one of the essential things which must be acquired in life before success can be obtained. Topping the ladder were the words, "Laborers together with God." Standing at the foot of the ladder were two graduates in cap and gown, ready to begin the ascension. A special light focused on this scene enhanced the beauty of the setting and emphasized the keynote to the program, "A Challenge to the Graduate." Baskets of spring flowers placed at vantage points in the room completed the decoration and further accentuated the class colors of blue and gold.

Mrs. Loyd Sebastian greeted guests at the door and presented them to the receiving line which included Rev. and Mrs. J. Henry Littleton, Mmes. J. L. Keen, H. O. Cassle and Dode Sanford, Mmes. W. L. BAPTIST CHURCH

Dear Friends:—

Of course there is no need to remind you that this Sunday, May 14, will be observed throughout the nation, as Mother's Day. We feel that at this time everyone should make an effort to attend church. We are promising you a good musical program with a short message for the eleven o'clock hour. We would like to see every member of our church as well as all our friends present at the Sunday School hour. Will you not join with us in trying to make this possible?

Many of us will only have the privilege of thanking God for the memory and training of a Christian mother. How could we better honor her than by giving ourselves to the service of the Lord whom she loved while in our midst?

We are happy that many of you still have the privilege of your mother's association and love. Make her heart glad by being in church this Sunday morning.

Expecting you in our services.

J. Henry Littleton, Pastor.

Wherever they go, the "Touring Reporters" find eager answers to their question, "Were you helped by CARDUI?"

Of 1297 users queried among those of 12 states, 1206 stated CARDUI benefitted them. That is 93 out of every 100! Users everywhere are glad to tell how CARDUI has made them want and enjoy food; how, with its help, they gained strength, energy, were thus relieved of the symptoms of "functional dysmenorrhea" due to malnutrition. Many also say that, when symptoms indicate the need, CARDUI in larger doses helps "at the time" to soothe pain.

(55 YEARS IN JONES COUNTY)

McCAULLEY MATTERS

By JOHN P. HARDESTY

By the grace and "greenbacks" of our good church, we expect to go to Oklahoma City, next week to attend the annual meeting of the Southern Baptist Convention. It was just twenty-seven years ago that we attended this Convention, meeting in this same city, in company with Dr. J. D. Sandefer, President of Hardin Simmons University. We roomed together, ate together, and shared the same pullman berth on the train. We were both just "boys" then. Much water has run under the bridge since then. Dear 'Prexy' will not be able to go this time, if ever again. Dr. S. P. Brooks, then President of Baylor University made one of the great addresses on "Christian Education," on that occasion. He has long since been called to a higher position in the Heavenly Father's Home. And many many others who took prominent parts in that Convention will not be present to answer to roll call. We think of Dr. J. B. Gambrell, Dr. B. H. Carroll, Dr. E. Y. Mullins and many, many others who have gone the way of all the earth. But there are many—a host of others if you please, whom God has raised up to take their places and to carry on. And while we did not intend to say as much when we started to mention this trip—somehow our fingers just followed our thoughts and the typewriter put them down.

We have had too much on board our little mind for the last week to get together very much news. This is "Commencement" week with the public school and everybody is on a tension. Dr. Turner, of McMurry college, brought a fine message to the congregation, Sunday night. Dr. Tom Taylor of Howard Payne College, will bring a "Taylor-Made" message on this Friday night at the School Auditorium.

There are many "personals" that might be mentioned—visits of relatives and friends here and elsewhere, but since we will not be able to give them all, we will not mention any of them. Treat all alike this time.

We are indebted to Mrs. Melvin Courtney for the following news items concerning Home Demonstration Club work. Mrs. Courtney is the official reporter for the club we hope to have these reports regularly in the future.

HOME DEMONSTRATION CLUB

The McCaulley Home Demonstration Club met in the home of Mrs. Luther Maberry on May 3. Mrs. J. A. Jackson, President, read and discussed the yearly suggestions of the expansion committee. Mrs. Jackson also made the Council report for Mrs. Wm. Fancher who was unable to attend. Mrs. Fancher announced a miniature frame garden planted grown and ready for exhibit. Mrs. Melvin Courtney made a report on the meeting of the Fisher County Land Use Planning Board, which met in Roby, April 24.

The H. D. Club and Federated Church Women's Clubs of McCaulley voted to unite in giving a Child Health Day program on Monday afternoon, May 29, with the Methodist Ladies' Missionary Society as hostesses. Mrs. Jim Jackson and Mrs. Melvin Courtney are presidents of the H. D. Club and Federated Clubs respectively. The public is cordially invited to attend this program.

Mrs. Rex Kemp was elected as club delegate to attend the State Association meeting in Lubbock, in September. A program on walks and drives for the rural home was given by Mrs. Willie Fancher, Mrs. Ben Kemp, Mrs. Rex Kemp and others. Additional suggestions were given by Miss Hipp, after which she supervised the laying of a flagstone walk for Mrs. Maberry.

Miss Hipp gave a demonstration of setting a table for different meals complete with the necessary linen, china, silver, glassware and centerpiece of flowers.

The hostess served a salad plate with cold drinks.

Next meeting will be with Mrs. Della Fancher with a program on Bread. Mrs. Melvin Courtney, Reporter

Prompt Help For A Listless Child

Scolding won't help a boy or girl who is listless, dull or cross from constipation. But, here's something that will!

If sluggish bowels have your child headachy, bilious, upset, give him a little Syrup of Black-Draught tonight. Like the original famed BLACK-DRAUGHT, its principal ingredient is an intestinal tonic-laxative. Helps impart tone to the bowel muscles.

Children like the taste of Syrup of Black-Draught. It is an all vegetable product. When simple directions are followed, its action is gentle, but prompt and complete. Comes in two sizes: 50c and 25c.

Irene Tinnin, who is employed at the Abilene State Hospital, and her aunt, Mrs. W. L. Jackson, of Abilene, were visitors in the B. P. Tinnin home Tuesday night.

EXPRESSION OF THANKS

We wish to express our thanks to our friends and neighbors for the many acts of kindness shown during the illness and at the death of our wife and mother.

Old Heads know how to make Texas telephones talk...

Your telephone in Texas is served by folks who learned their trade in the school of experience . . . By men who know the feel of a sleet-lashed pole in a wintry wind . . . By women to whom the state's vast copper network of three million miles of wire is as an open book.

Of the 8,700 employees who watch day and night over this company's lines in Texas, nearly 4,500 have at least 10

years of telephone experience. More than 1,000 of these have been in the business for 20 years or longer, and a small group of 186 veterans count their years of telephone service at 30 and more.

From department heads down, their friendly "know how", born of years of experience, plays a vital part in giving fast, dependable telephone service, at a price that is reasonable to you.
